## About us

In the years since 1962 the Richard Whittaker business has steadily grown and expanded, building solidly on its own success. In 2003 the entire factory facility was rebuilt and completely refurbished following a devastating fire, and this allowed the company to upgrade all of its lines and equipment and be in a position to offer a superlative service to customers.

Before long we had outgrown the factory and purchased the 86,000 sq. ft. facility on Mayfield Street in February 2011, allowing us to manage our growth effectively. Later that year we were delighted to be awarded the title of “Business of the Year (turnover above £5m) at the inaugural Rochdale Borough Awards Ceremony.

We employ over 120 staff which means that we are large enough to cope with the demands of big businesses, yet still small enough to care about those who are just starting out. We pride ourselves on being versatile and in 2006 acquired Innovative Solutions (UK) Ltd which, coupled with our own expertise, allowed us to satisfy the increasing demand for allergen-free products.

We believe in total quality management and this is proven in our independent accreditations (see below) and our high levels of customer satisfaction. Our management team is committed to providing high quality products, a high level of service and competitive prices. The team not only controls and maintains these standards, but also continues to develop them in order to continually meet customers’ needs. Our allergen-awareness and HACCP procedures are an integral part of how we successfully plan and produce.

In practical terms we operate 6 separate blenders and 20 packing lines with state-of-the-art form, fill and seal machines. We also run Ishida head filling machines all of which allows us to pack weights from 10g to 1000kg and into a broad range of bags, packs, tubs and sachets. Whatever your requirement we have the means to deliver it. Everything we do is closely monitored and all of our processes and procedures are independently assessed and verified.

We currently hold the following accreditations:

**BRC Global Food Standard**

**Health Mark - for the handling of dairy and gelatine ingredients**

**Organic Food Federation**

**Registered Office: The Mayfield Centre, Mayfield Street, Rochdale, OL16 2UZ**
